Wheatbelt Woodlands - Management And Restoration AFTER THE FENCE

Moora, Thursday 27 - Friday 28 March 2008

Venue: Bar Room, Moora Recreation Centre, Moora, Western Australia

Do you own or manage Wheatbelt Woodlands? Do you work with people who do? Does your work site have Wheatbelt Woodlands that you need to manage? Does your local reserve contain Woodlands? Or are you simply interested in the natural diversity of the Wheatbelt? You've put up a fence, and now you're wondering what next? Do you have experiences with woodland management that you'd like to share? Are you interested in knowing more about how Wheatbelt Woodlands work and what you can do to manage them into the future? Then this workshop is for you!

Workshop focus:
